

TRACKS

NORTH AMERICA

TRACKS NA

Tracks North America offers premier unmanned vehicles with fork-lift capabilities.

Designed with safety and efficiency in mind, Tracks NA offers a remote-controlled solution superior to traditional ride-on vehicles. Experience the difference with our all-terrain tracked platform and universal skid-steer attachment plate. Whether it's tilling on the farm or commercial construction projects, Tracks NA vehicles are your personal workhorse. Accomplish more while doing less with Tracks North America vehicles.

MASTER OF VERSATILITY

Here at Tracks North America, we believe less is more. Our simple design provides multipurpose solutions, serves various industries, and has endless capabilities. Compact, powerful, and built for any task. A true master of versatility.

INDUSTRY USE

Construction

Oil & Gas

Disaster Response

Timber & Forestry

Agriculture

Waste Cleanup

ATTACHMENTS

- Optional universal skid-steer attachment plate
- Will run low flow attachments that weigh less than 4,000 lbs

Auxiliary Hydraulics

Universal Bulk-Heads

Engine

4 cylinder Kubota

Fuel Capacity

5 gallons

Run time 8 hours

Tracks

All terrain standard tracks built for any condition

Easy to replace 'off the shelf' track sizes

Duplex Mast

Easily foldable for transportation and storage

Adjustable center of gravity to balance load

Forks

Durable folding forks

Fork Length: 43.3"

Sliding Mast

Adjust center of gravity to balance loads

Lifting Power

Hydraulic Lifting Capacity

3,500 lbs

FEATURES

Power Category: 19-37 HP Rating 26.5KW @ 3,000rpm

Operating Grade/Angle Tolerance: 30/60 degrees

Wireless Remote Control: IMET M550L RF

Wireless Remote Range: 1,000' 7pin RS-232 Serial interface for radio/satellite control

Lifting Mast Height: 84"-104.3"

Auxiliary Flow Rate: 5-8 gpm

Total Length: 96"-98"

Total Weight: 3,300-4,500 lbs

Ground Speed: 0-22mph

Total Width: 51"-56"

Total Height: 96"-102"

Stowed Height: 27.5" -28"

(Features vary with model)

3300 Series

Length: 96"

Width: 51"

Stowed Height: 27.5"

Lifting Mast Height: 104.3"

4520 Series

Length: 98"

Width: 56"

Stowed Height: 28"

Lifting Mast Height: 84"
